

A COTTAGE-PLAN HOSPITAL

State Officials go East to Seek a Model for Norfolk.

THEY WILL BE ABSENT A WEEK.

Will First Visit One of the Most Successful Insane Hospitals in the Country at Logansport, Ind.—Hope to Begin Work This Fall.

[From Thursday's Daily.] At last there is something definite happening toward the reconstruction of the hospital for the insane at this place, as shown in the subjoined report of the Lincoln correspondent of the Omaha Bee, in this morning's edition, sent in under yesterday's date line. Officials have left for the east to make a study of the cottage system and expect to return in a week, when the architect will prepare plans, and it is intimated that the work of construction may commence this fall.

"Attorney General Pratt, State Architect, Tyler and Superintendent Koons of the Hastings Insane asylum left tonight for a tour of several eastern states to glean information as to the 'cottage' plan of caring for the insane. The idea gained on this tour will be used in the reconstruction of the Norfolk asylum. The trip will probably last a week. Toledo will be the first city visited and then a stop will be made at Logansport, Ind., and possibly at Kankakee, Ill. Attorney General Pratt is a member of the board of public lands and buildings, which will have the work of reconstructing the Norfolk institution in charge, and he goes as the official representative of that body, while the state architect will secure plans for the work in the state.

The members of the board are greatly in favor of the proposed plan. The Logansport institution is said to be one of the best in the world. It was constructed by an expert who made a tour of all the important institutions of the European countries and it is supposed to embody the latest ideas in caring for the insane. The central idea of the scheme is to keep the patients in several detached buildings instead of the large prison-like structures which have been used in the past. The surroundings are said to be more conducive to a cure of dementia and the patients are generally more cheerful because of the home-like aspect of things. The only objection urged is a slightly increased cost of maintenance, although the price per bed is much lower than under the old system.

The departure of the party for the east will be good news for the people of Norfolk, who have been clamoring ever since the adjournment of the legislature for a beginning of the work of reconstruction. The appropriation is \$100,000. This, it is expected by the members of the board, will be enough to remodel the old building, which escaped the fire, into a modern administration building and also to provide for the erection of a few detached buildings forward.

The board of public lands and buildings will try to have the plans completed so that the work can be commenced this fall, although the architect has a large amount of work ahead in repairing buildings at various institutions."

WANTS ANOTHER TRY.

Frank Dwyer is of the Opinion That he is a Better Wrestler Than His Late Opponent.

[From Thursday's Daily.] Frank Dwyer, champion wrestler of the Dakotas, was not satisfied with the outcome of his bout with Sonnenschein, the local wrestler, at Armore hall Tuesday night, and wants another try to redeem himself. He thinks that while the referee was honest enough in his intentions he had one fall chalked against him that he did not deserve, and as a result of this belief has made another challenge, which follows:

Norfolk, Aug. 6.—To The News: Will you kindly allow me space in the columns of your valuable paper to state that the outcome of my wrestling match with Mr. H. T. Sonnenschein at the Armore hall Tuesday is not at all satisfactory to me. I would like a return match and make the following proposition:

I will wrestle Mr. Sonnenschein again, two out of three falls, catch-as-catch-can style, for \$100 a side and the total receipts, or I will wrestle him for a guaranteed purse of \$100. I will guarantee this purse myself, and in the event the receipts will not amount to \$100 I will add the required amount out of my own pocket. This will give him a guarantee by which he has nothing to lose, while I am taking chances of losing the amount I have to add and the receipts.

I would like to hear from him or his friends at once.

Respectfully,
Frank Dwyer.

NEW TELEGRAPH LINE.

Making Connections From New York to Philippines.

The Postal Telegraph company has at last entered into a contract with the Union Pacific railway company for the construction of its proposed new line from Omaha to San Francisco along the right-of-way of the railway company. It began the work

of erecting poles one mile west of Columbus, this Tuesday morning. There are five men in the gang. Negotiations for the use of the Union Pacific's right-of-way have been pending for several months, and it looked at one time as if they might not be concluded; but the contract was finally signed and active preparations were at once made to begin operations and push the work to completion with the utmost vigor. Under the terms of the contract it has just entered into with the Union Pacific, the Postal will build a line from Omaha to San Francisco parallel with that of the Western Union. When the work of construction is completed, the Postal will have direct through service from New York to the Philippines, the new line connecting at San Francisco with the new Pacific cable.—Columbus Journal.

MAY ORGANIZE ATHLETIC CLUB.

Enthusiasm is High and a Gymnasium, With Apparatus and Showers, May Result.

[From Thursday's Daily.] Considerable interest has been aroused among a number of young men in Norfolk in athletics. A movement just now is on foot to organize a club for the purpose of systematic training, with a gymnasium including parallel bars, rings, ropes, horse, and the like, where members could go during the winter evenings for wholesome exercise and pastime. The idea is, it is said, to have a shower bath in connection and all apparatus strictly modern and first class.

MIMIC WAR OF FLEETS.

Naval Contest Begins Off the Coast of Maine.

Portland, Me., Aug. 6.—That portion of the New England coast from the British boundary to Cape Ann has been theoretically threatened by a hostile fleet for a period of twenty-four hours, but so far as known the enemy had not taken advantage of the northeast storm and thick weather to slip past the defending fleet and establish himself in any harbor. The attacking fleet has been at sea for about three days and will have until Saturday to win the game planned by the naval experts in Washington, by occupying any of the harbors in this portion of the coast for a period of five hours without being discovered. The defending fleet, under the command of Rear Admiral Barker, sailed from Bar Harbor at 6 a. m. and by night the various ships of the squadron were well distributed along the coast and the work of patrol had begun. Many of the ships are equipped with a wireless system of telegraphy, so that a majority of them can be concentrated at any point within a short time. Several vessels of this fleet were sighted during the day at various points along the coast.

REVOLUTION IS PROCLAIMED.

Turkey Sends More Troops to Macedonia—Menace to Bulgaria.

Sofia, Bulgaria, Aug. 6.—The Macedonian committee announced that a revolution was proclaimed at the village of Monastir in conformance with the decision of the central revolutionary committee and forces in the districts of Monastir, Reszen, Debro, Ketcher, Poretchka, Kroniche, Perlene, Serin, Kaylari and Demirhisar simultaneously commenced hostilities. All telegraphic communication has been cut in the districts mentioned. The announcement has not been confirmed owing to the lack of communication.

Constantinople, Aug. 6.—The porte has abandoned all idea of withdrawing troops from Macedonia and is now making vigorous preparations to draft troops for the disturbed district. A circular note has been sent out, warning the powers of the intention of the government. The note states that the situation is very serious, and although it does not mention Bulgaria, the document is regarded as a menace to the Bulgarian government.

PANHANDLE LIMITED DERAILED.

Fireman is Scalded to Death and Engineer Fatally Injured.

Wheeling, W. Va., Aug. 6.—The limited Panhandle train from the west, moving toward Pittsburgh at the rate of sixty miles an hour, was derailed between Jewett, O., and Seilo, O. Fireman J. W. Smith of Denison, O., was scalded to death under the engine and Engineer John B. Hoffman of Allegheny was probably fatally scalded. James B. Calderwood of Denver, a passenger in the smoker, had his left arm broken and was badly bruised and contused about the body. Walter Corbett of Butte, Mont., a passenger in the smoker, sustained facial and scalp lacerations and body bruises. Several other passengers received lesser injuries.

Deadwood, S. D., Aug. 6.—Secretary Shaw, it is announced here, has accepted the invitation of the Black Hills Mining Men's association to attend the session of the American Mining congress at Deadwood and Lead, Sept. 10 to 12.

POPE HONORS AMERICANS

Pius X Receives Pilgrims from United States.

FIRST VISITORS TO BE ADMITTED.

This Signal Honor is Brought About by Cardinal Gibbons—Coronation of New Pontiff is Fixed for Sunday Next—Oreglia Keeps Place.

Rome, Aug. 6.—The spirit of "the king is dead, long live the king," which has been repeated through all the long ages, was the dominant note at the vatican among those gathered there, not to acknowledge an earthly sovereign, but to accept Pope Pius X as their spiritual king. Not only had America enjoyed the honor of first announcing through the Associated Press, the accession of the present pontiff to the chair of St. Peter's, but Americans enjoyed the far greater privilege and honor of being the first among those of many other countries who were to follow to convey to his holiness the homage of the nations. The American pilgrimage, conducted by John J. McFarlane of New York, and Father Lynch of Niagara university of Buffalo, which left the United States for its pious journey to Rome to receive the blessing of Leo XIII, arrived while the conclave was sitting. Cardinal Gibbons had been asked to try to arrange for the reception of the Americans and had promised to do his best, at the same time explaining how unprecedented it would be for a pope the day after his election to receive a foreign pilgrimage when there were scores of high dignitaries who had not yet been admitted, including even the diplomatic body. Nevertheless he used his influence with the happiest result and secured the consent of the pope to receive his fellow-countrymen. At the bronze doors of the vatican, they were met by Mgr. Kennedy, rector of the American college. They trooped up the stairway and through the corridors, bending their heads to pass through the openings in the walls which had been erected for the conclave. At the unique Hall of Inscriptions a halt was called. After a considerable wait two Swiss guards entered from a corridor. Before the pilgrims could quite realize it the pope stood among them. He walked slowly, but with the firmness of a young man, down the long kneeling line, accompanied by Cardinal Gibbons and Mgr. Kennedy, and gave to each of the pilgrims as he passed his hand to be kissed. He spoke a few words to almost every one.

The new pope has confirmed Cardinal Oreglia as camerlengo.

Pius X has decided that his coronation shall occur Sunday next.

Premier Zanardelli has sent out a circular ordering all government officials to abstain from participation in the festivities over the election of the new pope, as Pius X has not notified the government of his election.

CATHOLIC SOCIETIES ADJOURN.

Next Meeting Will Be Held in St. Louis—Minahan Elected President.

Atlantic City, N. J., Aug. 6.—Several important resolutions were adopted by the American Federation of Catholic societies at the closing session. The first resolution condemned feud riots and mob law as unworthy of civilized people. Lynching is regarded as murder and the burning and torture of people, even when clearly guilty, is barbarous and a menace to the peace and security of all good citizens. All Catholics were enjoined to exert an influence to spread in the community sound opinions against such savagery. The next meeting will be held in St. Louis.

The officers elected were: President, Thomas B. Minahan of Columbus, O.; first vice president, J. B. Jelkors of Newark, N. J.; second vice president, F. J. Klerke of San Francisco; secretary, Anthony Matire of Cincinnati; treasurer, Henry J. Fries of Erie, Pa.; marshal, H. Merwick of Kansas City.

Total Abstinens Meet.

Pittsburg, Aug. 6.—At the opening session of the national convention of the Catholic Total Abstinence association a telegram offering congratulations to Pius X and a committee was appointed to draft a letter giving the history of the work of the union, to be sent to him with a request that he send his blessing. The credentials committee reported that 732 delegates were present who were entitled to vote.

Seven Hundred Are Drowned.

Berlin, Aug. 6.—A dispatch received here says 700 persons were drowned in the disastrous floods which occurred at Che Foo, China. The bridges within the city and many houses, with their occupants, were swept away in the torrent. Two thousand of the inhabitants are left without means of subsistence.

Italians Killed in Wreck.

New Hampton, La., Aug. 6.—Six or seven Italian workmen were killed at Devon, five miles north of here, in a wreck on the Great Western road. A freight train broke in two and ran backward into a gravel train. Three bodies have been recovered, and it is uncertain how many are in the debris.

Confectionery Jobbers in Session.

Cleveland, Aug. 6.—Confectionery jobbers from all parts of the country met in convention here. The most important matters to be taken up is the securing of uniform weights and measures and a national pure food law.

ROCK ISLAND AVOIDS STRIKE.

Agrees to Increase Wages Paid to Trainmen and Conductors.

Chicago, Aug. 6.—By the terms of a settlement reached the Rock Island agrees to raise the wages paid trainmen and conductors and revise rules. By the terms of the settlement, wages will be increased and the working rules revised. According to the agreement, which takes effect Aug. 1, passenger conductors will receive 12 per cent more than the scale of Jan. 1, 1902, which was \$125, and freight conductors will get a 15 per cent increase over the scale of 3 cents a mile. The increase of freight trainmen is 15 per cent over the former scale of 2 cents a mile and passenger brakemen will get an increase of 12 per cent over the old scale, which varied in different parts of the country.

FAILS TO REACH DYING DAUGHTER.

Marion Lowe, Whose Father Paid \$4,000 to See Her, Died in Los Angeles This Morning.

Los Angeles, Aug. 6.—Special to The News: Marion Lowe, whose wealthy father is rushing across the country on a \$1,000 special train from New York and who had hoped to reach the bedside of his dying daughter before she passed away, died here this morning. Mr. Lowe will arrive Friday night.

Chicago, Aug. 6.—To reach the sickbed of his young daughter, reported dying in Los Angeles, Cal., Henry E. Lowe of New York, chief engineer of the United States Steel corporation, is rushing across the western prairies on a \$1,000 special train that promises to beat all transcontinental speed records. Mr. Lowe left New York Tuesday afternoon at 2:35 and is due in Los Angeles at 11 o'clock Friday evening, making his total time for the trip from sea to sea three days and nine hours. He was reported on time at Topeka, Kan., at 11:30 o'clock last night.

"Why Should Calamity Be Full of Words?"

The mere saying of words is easy, and some men devote their whole lives to it. They talk rather than act. The calamity howlers in any community are of this kind.

While the unsuccessful business man is talking the successful man is acting. When he speaks he uses words, but he tells facts. He seldom, however, depends upon his own voice.

He brings to his aid the trumpet tongued voice of the press.

He purchases space in the advertising columns of his local paper, and he uses it to good advantage.

This is your local paper.

There is space in these columns for use. Are you adding its strength to your voice? Properly used it will aid you.
